RE: authorization to represent

To whom it may concern,

Nik Clyde is a technician responsible for field camp logistics with the Wildlife Landscape and Science Division. As such, he is responsible for applying for any permits required for operating our field research camps in Nunavut. To facilitate his completion of this task, I authorize him to represent myself and our team of Research Scientists in completing the application for our Nunavut Water Board approval for water use without a license for all the avian research camps listed on the permit applications for both East Bay, Southampton I (8WLC-PCE) and Prince Charles Island (Application submitted with this letter).

If you have any questions, please call me at (613) 998 7362.

Sincerely,

Paul Smith
Research Scientist
