## SCIENTIFIC RESEARCH LICENSE

LICENSE # 02 022 17R-M

ISSUED TO: Karsten Piepjohn  
Federal Institute for Geosciences and Natural Resources (BGR)  
Stilleweg 2  
30655  
Hannover, Germany

TEAM MEMBERS:

AFFILIATION:

TITLE: CASE 19 Pearya

### OBJECTIVES OF RESEARCH:

The Federal Institute for Geosciences and Natural Resources Germany (BGR) is planning a geoscientific expedition to the north coast of Ellesmere Island in summer 2017, in cooperation with the Geological Survey of Canada and a number of other international geological surveys, universities and museums. The field work will be helicopter supported, from a base camp that will be established at either Taconite Inlet or the south end of Kulutingwak Fiord. The fuel required for this has to be shipped as far north as possible in 2016. Therefore, this initial application is for permission to establish a fuel depot at Eureka or hopefully at Tanquary Fiord.

### TERMS & CONDITIONS:

The holder of the licence will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report and the Department of Culture & Heritage archaeological sites terms and conditions. These terms and conditions will form part of this licence.

### DATA COLLECTION IN NU:

DATES: July 01, 2017-September 04, 2017

LOCATION: Ellesmere Island, Devon Island, Cornwallis Island

Scientific Research License 02 022 17R-M expires on December 31, 2017

Issued at Iqaluit, NU on March 06, 2017
