Hi Niel,

The Nunavut Water Board acknowledges receipt on February 12, 2014 of your application for approval for the use of water or deposit of waste without a licence for the Search of Early Animal Fossils Project. The NWB Licensing Department has conducted a preliminary review of your application and has determined that a Type "B" licence already exists for this project. The Type "B" licence will have to be officially closed by an Inspector of Aboriginal Affairs and Northern Development Canada (AANDC) therefore please submit an application for cancellation along with the \$30.00 admin fee.

In the meantime we will further process your application for water use without a licence.

Regards,
Robin Ikkutisluk
