6. Previous Approvals or Licences Associated with Undertaking ("Type A", "Type B" or Approval Without a Licence)

☐ **NA or**

Previous Licence/Approval Number: 8WLC-RBP1718, 2BE-RBP1116

The Board reminds the Applicant that as stated in s. 46 of the NWNSRTA, the expiry or cancellation of any previous licence does not relieve the holder from any outstanding obligations imposed under the licence.

7. CLASSIFICATION OF UNDERTAKING - Indicate the classification of undertaking by checking one of the following boxes.

- ☐ Industrial
☒ Mining
☐ Conservation
☐ Municipal

- ☐ Agricultural
☐ Recreational
☐ Power
☐ Other: (describe)

See Appendix C of the Guide for descriptions of classifications of undertakings.

8. DESCRIPTION OF UNDERTAKING AND EQUIPMENT USED – Provide a brief description of the undertaking including a description of any equipment that will be used in using water or depositing waste.

Boart Longyear is planning to remove our drills and drilling-related equipment from the Roche Bay and Tuktu camp areas, about 60 km west and southwest of Hall Beach. The previous operator, Advanced Explorations, has abandoned the site; our equipment that was in use on site when the property was abandoned remains in place. We would like to remove this equipment to ensure no lasting environmental effects associated with its storage.

To do this work, we plan to access the site in June-September 2018 for up to 4 weeks. We plan to set up a small, temporary camp, and will be collecting our equipment primarily using a helicopter. Two pieces of equipment are too large to fly, so we plan to move these overland along an existing trail. We plan to store the equipment in sea cans, and the sea cans will then be removed during the next sealfit.

Water use will be for domestic purposes only, and will be withdrawn from a local lake proximal to camp using a small pump with a screened intake.

Waste will either be incinerated (domestic garbage, sewage), open burned (clean paper and wood), deposited to tundra (sewage, greywater) or backhauled (solid waste).

9. **SCHEDULE** – Applicants are advised that approvals without a licence are issued for a one year term.

Proposed Start Date: 30/06/2018 Proposed Completion Date: 15/09/2018
(Day/Month/Year) (Day/Month/Year)
