Good morning,

Please find attached for Approval Without a Licence No. 8WLC-TBM2425 – Application by National Wildlife Research Center for an Approval for the Use of Water and Deposit of Wastes Without a Licence for the Marine Habitat use of Thick Billed Murres nesting at Cape Graham Moore, Nunavut.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/8%20MISCELLANEOUS/8WL/8WLC%20-%20Camp/8WLC-TBM2425%20Gilchrist%20NWRC/1%20APPLICATION/2024>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
