Hi Dan

With respect to your recent water licence application:

1. Can you please confirm that all solid (non-sewage) waste will be back hauled to Grise Fiord.

I confirm that we will transport all solid (non-sewage) waste back to Resolute Bay, which is our main point of departure.

2. You state that the research program was started in 2014. Has this program previously held a water licence/approval with the NWB? If not, can you provide a brief explanation as to why?
