***Sewage Lagoon Construction Review 2006***

Dear Geoff:

We have completed our review of the construction of the repairs to the City of Iqaluit sewage lagoon west berm.

Enclosed are our site reports for your records.

Based on our on-site review of the construction from August 12 2006 to August 17, 2006, and our final inspection on August 24, 2006, we are of the opinion that the work was done in general conformance with the design intent, with no deficiencies remaining.

We are therefore recommending full payment to the contractor, BBS Construction, in the amount of \$64,199.96, GST included.

Should there be any questions, please contact the undersigned.

Yours sincerely,

**Concentric Associates International Incorporated**

Allan Murray, P. Eng.  
Project Manager
